India's #1 dedicated NTA CBT practice engine · 200,000+ aspirants

Master CUET UG 2026 with authentic exam pacing and confidence.

Practice 50-question full-length CBT mocks, 251 official shift papers and AI-powered NCERT mistake explanations to secure your dream Delhi University campus.

Open dashboard Solve 251+ official PYQs

- Zero internal choice format
- Authentic +5 / −1 marking
- All 27 domain subjects

Exact NTA CBT environment

Familiarize yourself with the authentic 60-minute timer, color-coded question palette (answered, marked for review) and screen layout, so test day feels natural.

NCERT concept mistake breakdown

Don't just see the right answer. Discover why you fell into conceptual traps, what NCERT chapter to re-read, and how to turn negative marks into +5s.

251 official shift PYQs (2022–2025)

Every past paper preserved across Science, Commerce and Humanities. Practice by real exam shift date with verified answer keys and detailed scorecards.

Official NTA specification

CUET UG exam pattern at a glance

Standardized nationwide by the National Testing Agency. All domain papers feature 50 compulsory questions with zero internal choice.

50
compulsory questions per paper

60 min
per domain paper (45 for English)

+5 / −1
authentic marking scheme

27
domain subjects covered

From first mock to dream campus in three steps

1

Take a full-length mock

Sit 50 questions under the real NTA timer, palette and marking scheme.

2

Get your AI diagnosis

See which errors were careless, which were concept gaps, and which NCERT chapter to revisit.

3

Follow your 7-day plan

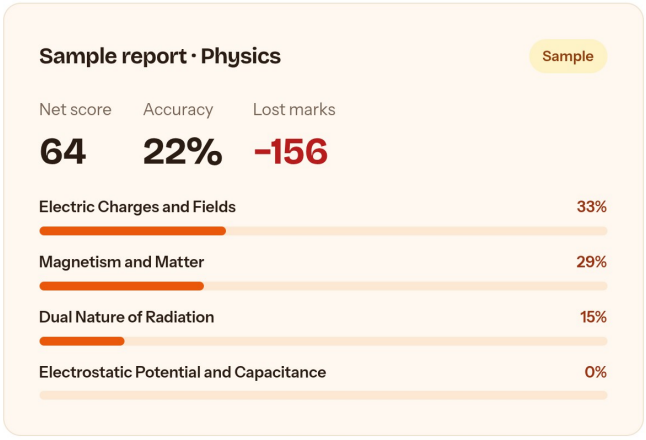

Work through a personalised score accelerator and watch your gap to the cutoff shrink.

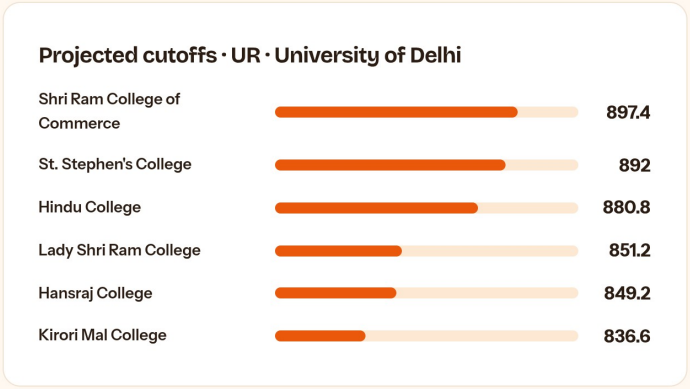

AI Coach

Know why you lost marks, not just how many.

- ✓ Careless errors and concept gaps, separated
- ✓ Chapter-level accuracy for every attempt
- ✓ Right-to-wrong answer changes flagged
- ✓ A 7-day score accelerator built from your mistakes
