

Section : Geography

Q.1 Match List-I with List-II

List-1 (Plantation Crop)

- (A) Cocoa and Coffee Plantation by the French.
- (B) Tea Gardens by the British.
- (C) Rubber Plantation by the British.
- (D) Sugarcane and Banana Plantation by the British.

List-II (Introduced in)

- (I) West Indies
- (II) Malaysia
- (III) India and Sri Lanka
- (IV) West Africa

Choose the correct answer from the options given below:

- 1. (A) (I), (B) (II), (C) - (III), (D) - (IV) -
- 2. (A) - (IV), (B) (III), (C) (II), (D) - (I)
- 3. (A) (I), (B) - (II), (C) (IV), (D) - (III)
- 4. (A) (III), (B) - (IV), (C) (I), (D) - (II)

Options 1. 1

- 2. 2
- 3. 3
- 4. 4

Q.2 Arrange the following countries, according to their Human Development Index (HDI) value (2021) from high to low?

- (A) Kenya
- (B) Pakistan
- (C) Egypt
- (D) India

Choose the correct answer from the options given below:

- 1. (C), (D), (A), (B)
- 2. (A), (C), (B), (D)
- 3. (B), (A), (D), (C)
- 4. (C), (B), (D), (A)

Options 1. 1

- 2. 2
- 3. 3
- 4. 4

Q.3 Which of the following are correctly matched?

- (A) The Mississippi Waterways-USA
- (B) The St. Lawrence River - Canada
- (C) The Rhine Waterway- Italy
- (D) The Danube Waterway- Eastern Europe

Choose the correct answer from the options given below:

- 1. (A), (B) and (D) only
- 2. (A), (B) and (C) only
- 3. (A), (C) and (D) only
- 4. (B), (C) and (D) only

Options 1. 1

- 2. 2
- 3. 3
- 4. 4

Q.4 Why does the quality of roads vary greatly between developed and developing countries ?

- 1. Developing countries are depending on other modes of transport.
- 2. More area is utilised for farming.

3. Road construction and maintenance require heavy expenditure.
4. Terrain of developing countries is not suitable for road construction.

Options 1. 1

2. 2
3. 3
4. 4

Q.5 Match List-I with List-II

List-1 (Commission/Authority)	List-II (Year of Establishment)
(A) Atomic Energy Commission	(1) 1948
(B) National Highway Authority of India	(II) 1956
(C) Oil and Natural Gas Commission	(IV) 1984
(D) Gas Authority of India Limited	(III) 1995

Choose the correct answer from the options given below:

1. (A) (I), (B) (II), (C) - (III), (D) - (IV)
2. (A) (1), (B) - (III), (C) - (II), (D) - (IV)
3. (A) (I), (B) - (II), (C) - (IV), (D) - (III)
4. (A) (III), (B) (IV), (C) (I), (D) - (II)

Options 1. 1

2. 2
3. 3
4. 4

Q.6 Which one of the following is NOT correct about 'Atal Tunnel'?

1. It is the world's longest highway tunnel.
2. It was built by National Highway Authority of India.
3. This tunnel connects Manali to Lahul-Spiti valley throughout the year.
4. The total length of Atal Tunnel is around 9.02 km.

Options 1. 1

2. 2
3. 3
4. 4

Q.7 Jute textile industry is an example of

1. Animal based Industry
2. Chemical based Industry
3. Agro based Industries
4. Mineral Based Industries

Options 1. 1

2. 2
3. 3
4. 4

Q.8 Why is dairy farming practiced near the urban and industrial centers ?

1. Milch cattles can easily be reared
2. Proximity to markets
3. Availability of pasture land
4. Availability of cheap labour

Options 1. 1

2. 2
3. 3
4. 4

Q.9 Identify correct statements with reference to the Indira Gandhi Canal?

- (A) The canal originates at Harike barrage in Rajasthan.

- (B) It has also caused waterlogging and soil salinity.
(C) The Indira Gandhi Canal is one of the largest canal systems in India.
(D) The Indira Gandhi Canal was previously known as the Rajasthan Canal.

Choose the correct answer from the options given below:

1. (A), (B) and (D) only
2. (A), (B) and (C) only
3. (A), (C) and (D) only
4. (B), (C) and (D) only

Options 1. 1

2. 2
3. 3
4. 4

Q.10 Panna, para, palli, nagla and dhani are examples of _____

1. Clustered, agglomerated or nucleated settlements
2. Semi-clustered or fragmented settlements
3. Hamleted settlements
4. Dispersed or isolated settlements.

Options 1. 1

2. 2
3. 3
4. 4

Q.11 Which of the following factor is mainly responsible for the high density of population in the Kobe-Osaka region of Japan?

1. Industrialisation
2. Availability of Minerals
3. Availability of Fertile land
4. Favourable climate

Options 1. 1

2. 2
3. 3
4. 4

Q.12 Any land which is left fallow (uncultivated) for more than five years is called _____

1. Current Fallow
2. Fallow other than current fallow
3. Barren and Wastelands
4. Culturable wasteland

Options 1. 1

2. 2
3. 3
4. 4

Q.13 Which one of the following is an urban renewal initiative?

1. Namami Gange
2. Swachh Bharat Mission
3. Rajiv Gandhi Mission for Watershed Management
4. Make in India

Options 1. 1

2. 2
3. 3
4. 4

Q.14 Match List-I with List-II

List-I (Highways)

(A) The Trans-Canadian Highway

(B) The Alaskan Highway

(C) The Trans-Continental Stuart Highway

(D) African Highway

List-II (Cities connected)

(I) Vancouver to St. John's City

(III) Edmonton to Anchorage

(II) Darwin to Melbourne

(IV) Cairo to Cape Town

Choose the correct answer from the options given below:

1. (A) (I), (B) (II), (C) - (III), (D) - (IV)

2. (A) (1), (B) (III), (C) - (II), (D) - (IV)

3. (A) (I), (B) - (II), (C) - (IV), (D) - (III)

4. (A) (III), (B) (IV), (C) (I), (D) - (II) -

Options 1. 1

2. 2

3. 3

4. 4

Q.15 Arrange the following Indian roads in ascending order according to their length.

(A) Golden Qaudrilateral

(B) Rural Roads

(C) The East-West Corridor

(D) The North-South Corridor

Choose the correct answer from the options given below:

1. (B), (D), (C), (A)

2. (C), (D), (A), (B)

3. (B), (C), (D), (A)

4. (C), (A), (D), (B)

Options 1. 1

2. 2

3. 3

4. 4

Q.16 Which of the following is a secondary activity?

1. Subsistence farming

2. Gathering of fruits and nuts

3. Providing banking facilities

4. Processing of sugarcane to make sugar

Options 1. 1

2. 2

3. 3

4. 4

Q.17 Hepatitis disease is commonly caused due to_____

1. Air Pollution

2. Water Pollution

3. Noise Pollution

4. Land Pollution

Options 1. 1

2. 2

3. 3

4. 4

Q.18 _____-looks at human beings as beneficiaries or targets of all development activities.

1. Basic Needs Approach
2. Income Approach
3. Capability Approach
4. Welfare Approach

Options

1. 1
2. 2
3. 3
4. 4

Q.19 Which one of the following crops is ideal for dryland farming?

1. Sugarcane
2. Moong
3. Rice
4. Coffee

Options

1. 1
2. 2
3. 3
4. 4

Q.20 Identify the main reasons for rise in India's overseas trade?

- (A) Momentum picked up by the manufacturing sectors.
(B) Liberal Policies of Government.
(C) Strict Policies of Government.
(D) Diversification of Markets.

Choose the correct answer from the options given below:

1. (A), (B) and (D) only
2. (A), (B) and (C) only
3. (A), (C) and (D) only
4. (B), (C) and (D) only

Options

1. 1
2. 2
3. 3
4. 4

Q.21 If a company in Bangalore is working on a project related to Banking for a firm in U.S.A. This method of contracting a job is known as:

1. Outsourcing
2. Information Technology
3. Overseas production
4. Multinational Company

Options

1. 1
2. 2
3. 3
4. 4

Q.22 Identify correct statements with reference to sustainable development.

- (A) Sending girls to school.
(B) Expanding opportunities.
(C) Building people's capabilities in the areas of health and education.
(D) Intensifying social discriminations.

Choose the correct answer from the options given below:

1. (A), (B) and (D) only
2. (A), (B) and (C) only
3. (A) and (D) only
4. (B), (C) and (D) only

Options 1. 1

2. 2

3. 3

4. 4

Q.23 Neeru-Meeru Programme was launched by which one of the following states?

1. Kerala
2. Karnataka
3. Andhra Pradesh
4. Maharastra

Options 1. 1

2. 2

3. 3

4. 4

Q.24 Match List-I with List-II

List-1 (Approaches in Geography) List-II (Period)

(A) Post-Modernism in Geography (I) Late 1950s to the Late 1960s

(B) Areal Differentiation (II) 1970s

(C) Spatial Organization (III) 1990s

(D) Radical Approach (IV) 1930s through the Inter-War Period

Choose the correct answer from the options given below:

1. (A) (I), (B) (II), (C) - (III), (D) - (IV)
2. (A) (I), (B) - (III), (C) - (II), (D) - (IV)
3. (A) (I), (B) - (II), (C) (IV), (D) - (III)
- 4. (A) (III), (B) - (IV), (C) - (I), (D) - (II)

Options 1. 1

2. 2

3. 3

4. 4

Q.25 When does a country has a positive balance of trade?

1. If the value of imports traded is more than the value of a country's exports.
2. If the value of exports is more than the value of imports.
3. If the value of exports is equal to the value of imports.
4. If the country only imports goods.

Options 1. 1

2. 2

3. 3

4. 4

Q.26 Which one of the following town is a medieval town?

1. Varanasi
2. Lucknow
3. Kolkata
4. Madurai

Options 1. 1

2. 2

3. 3

4. 4

Q.27 Which one of the following is a collective farming practice of temperate region?

1. Milpa
2. Ladang
3. Kolkhoz
4. Slash and burn agriculture

Options 1. 1

2. 2
3. 3
4. 4

Q.28 The first public railway line was opened in 1825 between Stockton and Darlington in _____

1. France
2. Germany
3. England
4. Portugal

Options 1. 1

2. 2
3. 3
4. 4

Q.29 On 1st January 2015, the Planning Commission was replaced by _____

1. Finance Commission
2. NITI Aayog
3. National Development Council
4. National Committee on Development of India

Options 1. 1

2. 2
3. 3
4. 4

Q.30 Which of the following parameters are used to calculate the Natural Growth of Population of any region?

- (A) Births
- (B) Deaths
- (C) In-migrants
- (D) Out-migrants

Choose the correct answer from the options given below:

1. (A), (B) and (D) only
2. (A) and (B) only
3. (A), (C) and (D) only
4. (A), (B) and (C) only

Options 1. 1

2. 2
3. 3
4. 4

Q.31 Arrange the following major Indian language families in descending order based on share of speakers.

- (A) Austric
- (B) Dravidian
- (C) Indo- European
- (D) Sino-Tibetan

Choose the correct answer from the options given below:

1. (B), (D), (C), (A)
2. (C), (B), (A), (D)
3. (C), (A), (D), (B)
4. (C), (B), (D), (A)

Options 1. 1

- 2. 2
- 3. 3
- 4. 4

Q.32 Arrange the following post-independence developments in Indian Agriculture in chronological order.

- (A) Intensive Agricultural District Programme
- (B) Green Revolution
- (C) National Mission for Sustainable Agriculture
- (D) Agro-climatic Planning

Choose the correct answer from the options given below:

- 1. (B), (A), (D), (C)
- 2. (A), (B), (D), (C)
- 3. (B), (A), (C), (D)
- 4. (A), (B), (C), (D)

Options 1. 1

- 2. 2
- 3. 3
- 4. 4

Q.33 Which of the following is an important waterway in Russia?

- 1. River Rhine
- 2. River Volga
- 3. River Danube
- 4. River Ruhr

Options 1. 1

- 2. 2
- 3. 3
- 4. 4

Q.34 Apart from the construction and maintenance of roads in strategically sensitive areas, the _____ also undertakes snow clearance in high altitude areas.

- 1. The Border Road Organisation (BRO)
- 2. The National Highways Authority of India
- 3. Central Public Works Department
- 4. Public Works Department of the state

Options 1. 1

- 2. 2
- 3. 3
- 4. 4

Q.35 _____ concept is an example of Madhyam Marg (Middle Path).

- 1. Environmental Determinism
- 2. Possibilism
- 3. Neodeterminism
- 4. Colonialism

Options 1. 1

- 2. 2
- 3. 3
- 4. 4

Q.36 The Union and Pacific Railway line runs from _____

- 1. St. Petersburg to Vladivostak
- 2. Perth to Sydney

3. San Francisco to New York

4. Paris to Istanbul

Options 1. 1

2. 2

3. 3

4. 4

Q.37 Arrange the following major airports from north to south.

(A) Mumbai

(B) Tokyo

(C) Moscow

(D) Johannesburg

Choose the correct answer from the options given below:

1. (A), (B), (C), (D)

2. (A), (C), (B), (D)

3. (B), (A), (D), (C)

4. (C), (B), (A), (D)

Options 1. 1

2. 2

3. 3

4. 4

Q.38 Match List-I with List-II

List-1 (Pollution Type) List-II (Source)

(A) Air Pollution

(I) Sewage disposal

(B) Land Pollution

(II) Pesticides and fertilisers

(C) Noise Pollution

(III) Advertising Media

(D) Water Pollution

(IV) Combustion of coal

Choose the correct answer from the options given below:

1. (A) (II), (B) (III), (C) (I), (D) - (IV)

2. (A) - (I), (B) - (III), (C) (II), (D) - (IV)

3. (A) (I), (B) (II), (C) (IV), (D) - (III)

4. (A) (III), (B) (II), (C) (IV), (D) - (I)

Options 1. 1

2. 2

3. 3

4. 4

Q.39 In which of the following state, the development of irrigation has resulted in a moderate to high concentration of population?

1. Himachal Pradesh

2. Sikkim

3. Manipur

4. Rajasthan

Options 1. 1

2. 2

3. 3

4. 4

Q.40 If a person uses a boat to travel from Prayagraj (Allahabad) to Patna on Ganga river, he will use _____

1. National Waterways 2

2. National Waterways 1

3. National Waterways 3

4. National Waterways 5

Options 1. 1

2. 2

3. 3

4. 4

Q.41 Read the given passage carefully and answer the following questions.

The division of society into male, female and transgender is believed to be natural and biological. But, in reality, there are social constructs and roles assigned to individuals which are reinforced by social institutions. Consequently, these biological differences become the basis of social differentiation, discrimination and exclusion. The exclusion of over half of the population becomes a serious handicap to any developing and civilised society. It is a global challenge, which has been acknowledged by the UNDP when it mentioned that, "If development is not engendered it is endangered" (HDR UNDP 1995). Discrimination, in general, and gender discrimination, in particular, is a crime against humanity. All efforts need to be made to address the denial of opportunities for education, employment, political representation, low wages for similar types of work, disregard to their entitlement to live a dignified life, etc. A society which fails to acknowledge and take effective measures to remove such discriminations, cannot be treated as a civilised one. The Government of India has duly acknowledged the adverse impacts of these discriminations and launched a nationwide campaign called 'Beti Bachao Beti Padhao'.

What is UNDP?

1. Political Party
2. International Organisation
3. Social Security Scheme
4. Security Intelligence Agency

Options 1. 1

2. 2

3. 3

4. 4

Q.42 Read the given passage carefully and answer the following questions.

The division of society into male, female and transgender is believed to be natural and biological. But, in reality, there are social constructs and roles assigned to individuals which are reinforced by social institutions. Consequently, these biological differences become the basis of social differentiation, discrimination and exclusion. The exclusion of over half of the population becomes a serious handicap to any developing and civilised society. It is a global challenge, which has been acknowledged by the UNDP when it mentioned that, "If development is not engendered it is endangered" (HDR UNDP 1995). Discrimination, in general, and gender discrimination, in particular, is a crime against humanity. All efforts need to be made to address the denial of opportunities for education, employment, political representation, low wages for similar types of work, disregard to their entitlement to live a dignified life, etc. A society which fails to acknowledge and take effective measures to remove such discriminations, cannot be treated as a civilised one. The Government of India has duly acknowledged the adverse impacts of these discriminations and launched a nationwide campaign called 'Beti Bachao Beti Padhao'.

Which of the following represents a civilised society?

1. Male dominated political representation
2. Unequal wages for similar types of work
3. Entitlement of women to live a dignified life
4. Social exclusions

Options 1. 1

2. 2

3. 3

4. 4

Q.43 Read the given passage carefully and answer the following questions.

The division of society into male, female and transgender is believed to be

natural and biological. But, in reality, there are social constructs and roles assigned to individuals which are reinforced by social institutions. Consequently, these biological differences become the basis of social differentiation, discrimination and exclusion. The exclusion of over half of the population becomes a serious handicap to any developing and civilised society. It is a global challenge, which has been acknowledged by the UNDP when it mentioned that, "If development is not engendered it is endangered" (HDR UNDP 1995). Discrimination, in general, and gender discrimination, in particular, is a crime against humanity. All efforts need to be made to address the denial of opportunities for education, employment, political representation, low wages for similar types of work, disregard to their entitlement to live a dignified life, etc. A society which fails to acknowledge and take effective measures to remove such discriminations, cannot be treated as a civilised one. The Government of India has duly acknowledged the adverse impacts of these discriminations and launched a nationwide campaign called 'Beti Bachao Beti Padhao'.

The given passage explicitly talks about:

1. Human Growth
2. Population Growth
3. Population composition
4. Gender Sensitisation

Options 1. 1

2. 2
3. 3
4. 4

Q.44 Read the given passage carefully and answer the following questions.

The division of society into male, female and transgender is believed to be natural and biological. But, in reality, there are social constructs and roles assigned to individuals which are reinforced by social institutions. Consequently, these biological differences become the basis of social differentiation, discrimination and exclusion. The exclusion of over half of the population becomes a serious handicap to any developing and civilised society. It is a global challenge, which has been acknowledged by the UNDP when it mentioned that, "If development is not engendered it is endangered" (HDR UNDP 1995). Discrimination, in general, and gender discrimination, in particular, is a crime against humanity. All efforts need to be made to address the denial of opportunities for education, employment, political representation, low wages for similar types of work, disregard to their entitlement to live a dignified life, etc. A society which fails to acknowledge and take effective measures to remove such discriminations, cannot be treated as a civilised one. The Government of India has duly acknowledged the adverse impacts of these discriminations and launched a nationwide campaign called 'Beti Bachao Beti Padhao'.

In the following identify the correct statement.

1. The division of society into male, female and transgender is based on economic differentiation.
2. Generally women are paid higher wages for similar type of work.
3. 'Beti Bachao Beti Padhao' scheme works against gender discrimination.
4. The exclusion of over half of the population is good for any developing and civilised society.

Options 1. 1

2. 2
3. 3
4. 4

Q.45 Read the given passage carefully and answer the following questions.

The division of society into male, female and transgender is believed to be natural and biological. But, in reality, there are social constructs and roles assigned to individuals which are reinforced by social institutions. Consequently, these biological differences become the basis of social differentiation, discrimination and exclusion. The exclusion of over half of the population becomes a serious handicap to any developing and civilised society. It is a global challenge, which has been acknowledged by the UNDP when it mentioned that, "If development is not engendered it is

endangered" (HDR UNDP 1995). Discrimination, in general, and gender discrimination, in particular, is a crime against humanity. All efforts need to be made to address the denial of opportunities for education, employment, political representation, low wages for similar types of work, disregard to their entitlement to live a dignified life, etc. A society which fails to acknowledge and take effective measures to remove such discriminations, cannot be treated as a civilised one. The Government of India has duly acknowledged the adverse impacts of these discriminations and launched a nationwide campaign called 'Beti Bachao Beti Padhao'.

"If development is not engendered, it is endangered." The given line mentions the need for the following:

1. Exclusion
2. Inclusion
3. Gender Discrimination
4. Environmental Protection

Options 1. 1

2. 2
3. 3
4. 4

Q.46 Read the given passage carefully and answer the following questions.

Bharmaur tribal area comprises Bharmaur and Holi tehsils of Chamba district of Himachal Pradesh. It has been a notified tribal area since 21 November 1975. Bharmaur is inhabited by 'Gaddi', a tribal community who have maintained a distinct identity in the Himalayan region as they practised transhumance and conversed through Gaddiali dialect.

Bharmaur tribal region has harsh climate conditions, a low resource base and a fragile environment. These factors have influenced the society and economy of the region. According to the 2011 census, the total population of Bharmaur subdivision was 39,113 i.e., 21 persons per sq km. It is one of the most (economically and socially) backward areas of Himachal Pradesh. Historically, the Gaddis have experienced geographical and political isolation and socio-economic deprivation. The economy is largely based on agriculture and allied activities such as sheep and goat rearing.

The process of development of the tribal area of Bharmaur started in the 1970s when Gaddis were included among 'scheduled tribes'. Under the Fifth Five-Year Plan, the tribal sub-plan was introduced in 1974 and Bharmaur was designated as one of the five Integrated Tribal Development Projects (ITDP) in Himachal Pradesh. This area development plan was aimed at improving the quality of life of the Gaddis and narrowing the gap in the level of development between Bharmaur and other areas of Himachal Pradesh. This plan laid the highest priority on development of transport and communications, agriculture and allied activities, and social and community services.

The most significant contribution of the tribal sub-plan in the Bharmaur region is the development of infrastructure in terms of schools, healthcare facilities, potable water, roads, communications and electricity. But the villages located along the river Ravi in Holi and Khani areas are the main beneficiaries of infrastructural development. The remote villages in Tundah and Kugti areas still do not have sufficient infrastructure.

Integrated Tribal Development Project (ITDP) in the Bharmaur region of Himachal Pradesh was NOT aimed for which of the following?

1. Improving the quality of life of the Gaddis
2. To reduce regional imbalances in Himachal Pradesh.
3. Development of infrastructure in the backward area.
4. Inclusion of Gaddis in the list of scheduled tribes.

Options 1. 1

2. 2
3. 3
4. 4

Q.47 Read the given passage carefully and answer the following questions.

Bharmaur tribal area comprises Bharmaur and Holi tehsils of Chamba district of Himachal Pradesh. It has been a notified tribal area since 21 November 1975. Bharmaur is inhabited by 'Gaddi', a tribal community who have maintained a distinct identity in the Himalayan region as they practised transhumance and conversed through Gaddiali dialect.

Bharmaur tribal region has harsh climate conditions, a low resource base and a fragile environment. These factors have influenced the society and economy of the region. According to the 2011 census, the total population of Bharmaur subdivision was 39,113 i.e., 21 persons per sq km. It is one of the most (economically and socially) backward areas of Himachal Pradesh. Historically, the Gaddis have experienced geographical and political isolation and socio-economic deprivation. The economy is largely based on agriculture and allied activities such as sheep and goat rearing.

The process of development of the tribal area of Bharmaur started in the 1970s when Gaddis were included among 'scheduled tribes'. Under the Fifth Five-Year Plan, the tribal sub-plan was introduced in 1974 and Bharmaur was designated as one of the five Integrated Tribal Development Projects (ITDP) in Himachal Pradesh. This area development plan was aimed at improving the quality of life of the Gaddis and narrowing the gap in the level of development between Bharmaur and other areas of Himachal Pradesh. This plan laid the highest priority on development of transport and communications, agriculture and allied activities, and social and community services.

The most significant contribution of the tribal sub-plan in the Bharmaur region is the development of infrastructure in terms of schools, healthcare facilities, potable water, roads, communications and electricity. But the villages located along the river Ravi in Holi and Khani areas are the main beneficiaries of infrastructural development. The remote villages in Tundah and Kugti areas still do not have sufficient infrastructure.

In the following identify the correct statement.

1. Bharmaur tribal area comprises of Holi and Chamba tehsils of Himachal Pradesh.
2. Gaddi tribes are scheduled tribes.
3. Tribal sub plan benefited all areas of Bharmaur region equally.
4. Transhumance is practiced for tourism purpose.

Options 1. 1

2. 2

3. 3

4. 4

Q.48 Read the given passage carefully and answer the following questions.

Bharmaur tribal area comprises Bharmaur and Holi tehsils of Chamba district of Himachal Pradesh. It has been a notified tribal area since 21 November 1975. Bharmaur is inhabited by 'Gaddi', a tribal community who have maintained a distinct identity in the Himalayan region as they practised transhumance and conversed through Gaddiali dialect.

Bharmaur tribal region has harsh climate conditions, a low resource base and a fragile environment. These factors have influenced the society and economy of the region. According to the 2011 census, the total population of Bharmaur subdivision was 39,113 i.e., 21 persons per sq km. It is one of the most (economically and socially) backward areas of Himachal Pradesh. Historically, the Gaddis have experienced geographical and political isolation and socio-economic deprivation. The economy is largely based on agriculture and allied activities such as sheep and goat rearing.

The process of development of the tribal area of Bharmaur started in the 1970s when Gaddis were included among 'scheduled tribes'. Under the Fifth Five-Year Plan, the tribal sub-plan was introduced in 1974 and Bharmaur was designated as one of the five Integrated Tribal Development Projects (ITDP) in Himachal Pradesh. This area development plan was aimed at improving the quality of life of the Gaddis and narrowing the gap in the level of development between Bharmaur and other areas of Himachal Pradesh. This plan laid the highest priority on development of transport and communications, agriculture and allied activities, and social and community services.

The most significant contribution of the tribal sub-plan in the Bharmaur region is the development of infrastructure in terms of schools, healthcare facilities, potable water, roads, communications and electricity. But the villages located along the river Ravi in Holi and Khani areas are the main beneficiaries of infrastructural development. The remote villages in Tundah and Kugti areas still do not have sufficient infrastructure.

Which of the following is NOT the most significant contribution of the tribal sub-plan in Bharmaur region?

1. Establishment of wind and solar energy plants
2. Development of schools
3. Development of Healthcare facilities
4. Development of Potable water facilities

Options 1. 1

2. 2

3. 3

4. 4

Q.49 Read the given passage carefully and answer the following questions.

Bharmaur tribal area comprises Bharmaur and Holi tehsils of Chamba district of Himachal Pradesh. It has been a notified tribal area since 21 November 1975. Bharmaur is inhabited by 'Gaddi', a tribal community who have maintained a distinct identity in the Himalayan region as they practised transhumance and conversed through Gaddiali dialect.

Bharmaur tribal region has harsh climate conditions, a low resource base and a fragile environment. These factors have influenced the society and economy of the region. According to the 2011 census, the total population of Bharmaur subdivision was 39,113 i.e., 21 persons per sq km. It is one of the most (economically and socially) backward areas of Himachal Pradesh. Historically, the Gaddis have experienced geographical and political isolation and socio-economic deprivation. The economy is largely based on agriculture and allied activities such as sheep and goat rearing.

The process of development of the tribal area of Bharmaur started in the 1970s when Gaddis were included among 'scheduled tribes'. Under the Fifth Five-Year Plan, the tribal sub-plan was introduced in 1974 and Bharmaur was designated as one of the five Integrated Tribal Development Projects (ITDP) in Himachal Pradesh. This area development plan was aimed at improving the quality of life of the Gaddis and narrowing the gap in the level of development between Bharmaur and other areas of Himachal Pradesh. This plan laid the highest priority on development of transport and communications, agriculture and allied activities, and social and community services.

The most significant contribution of the tribal sub-plan in the Bharmaur region is the development of infrastructure in terms of schools, healthcare facilities, potable water, roads, communications and electricity. But the villages located along the river Ravi in Holi and Khani areas are the main beneficiaries of infrastructural development. The remote villages in Tundah and Kugti areas still do not have sufficient infrastructure.

Which of the following statements is NOT correct?

1. Bharmaur is a backward region of Himachal Pradesh.
2. The economy of Bharmaur is largely based on primary activities.
3. Kugti area villages were the main beneficiaries of infrastructural development.
4. The remote villages do not have sufficient infrastructure.

Options 1. 1

2. 2

3. 3

4. 4

Q.50 Read the given passage carefully and answer the following questions.

Bharmaur tribal area comprises Bharmaur and Holi tehsils of Chamba district of Himachal Pradesh. It has been a notified tribal area since 21

November 1975. Bharmaur is inhabited by 'Gaddi', a tribal community who have maintained a distinct identity in the Himalayan region as they practised transhumance and conversed through Gaddiali dialect.

Bharmaur tribal region has harsh climate conditions, a low resource base and a fragile environment. These factors have influenced the society and economy of the region. According to the 2011 census, the total population of Bharmaur subdivision was 39,113 i.e., 21 persons per sq km. It is one of the most (economically and socially) backward areas of Himachal Pradesh. Historically, the Gaddis have experienced geographical and political isolation and socio-economic deprivation. The economy is largely based on agriculture and allied activities such as sheep and goat rearing.

The process of development of the tribal area of Bharmaur started in the 1970s when Gaddis were included among 'scheduled tribes'. Under the Fifth Five-Year Plan, the tribal sub-plan was introduced in 1974 and Bharmaur was designated as one of the five Integrated Tribal Development Projects (ITDP) in Himachal Pradesh. This area development plan was aimed at improving the quality of life of the Gaddis and narrowing the gap in the level of development between Bharmaur and other areas of Himachal Pradesh. This plan laid the highest priority on development of transport and communications, agriculture and allied activities, and social and community services.

The most significant contribution of the tribal sub-plan in the Bharmaur region is the development of infrastructure in terms of schools, healthcare facilities, potable water, roads, communications and electricity. But the villages located along the river Ravi in Holi and Khani areas are the main beneficiaries of infrastructural development. The remote villages in Tundah and Kugti areas still do not have sufficient infrastructure.

Identify the factor which has NOT influenced the society and economy of the Bharmaur tribal region.

1. Large fertile plains
2. Harsh climatic conditions
3. Low resource base
4. Fragile environment

Options 1. 1

2. 2

3. 3

4. 4
